

# Cryhavoc, Come With Me

I'm a seer and I can &quot;see&quot;  
I wait you in a shade of tree  
I prey upon every night  
You're my victim  
the children of light

Night is my kingdom and  
You're my queen  
I'll get you and I'll  
carry you in my realm

I've seen those visions,  
visions in a mist  
I've seen you and  
those scars in your wrists

So don't be afraid  
I'm here by your side  
I won't throw you  
to the wolves (won't I?)  
Your look is full of fear  
don't let the seed of doubt grow  
come and walk next to me  
in the darkness so hollow

Come with me and  
I bring you moon  
from the sky  
and you gonna be mine  
Walk with me into darkness,  
dance with me under these stars  
you and I gonna win these wars

You the children of light  
Me the spawn of night  
Your virtue  
Aah my carnal  
When we, you and me  
Unite You and me

When my bad seed  
is growing in you  
I can control you as I want  
Our covenant is built to last  
our covenant is written in the stars

Come with me and  
I'll bring you moon  
from the sky  
and you gonna be mine  
Walk with me into darkness,  
dance with me under these stars  
you and I gonna win these wars

Come with me...  
Dance with me...  
Take my hand and You'll see...  
Who really is me

Come with me...  
Dance with me...  
Take my hand and You'll see...
