

# Cryptal Darkness, Last Embrace

[Music and Lyrics: Mark Kelson]

Your eyes tell of lost love  
your tears tell of your pain  
I tremble as we kiss  
as we embrace our passion

Darkness soothes a hungry soul  
and in the twilight I dream  
in the darkness we dance  
this moment shall never end

I caress your delicate skin  
melting into black silhouettes  
I embrace thee my beloved  
a moment I can not bare to end

In the darkness we dance  
as the candles flame dies  
our pain fills my heart  
the sorrow of our last embrace. . .

Darkness soothes a hungry soul  
and in the twilight I dream  
in the darkness we dance  
this moment shall never end
