

Cryptic Carnage, Visionary Eyes

when comes the time
where a new age begins
and where religions are
meaningless?
when comes the time
where we live in harmony with mother
earth?

a man from salon
known as michel de
notredame
had visions even in his
childhood
the course of history was known
to him
but he couldn't tell it
anyone
the lord of lilly won't
trust him
in a gilded cage he will die
soon
but he didn't wanted to know about
this thread
and so fate was
fulfiled
in a cruel way

see how the old sun
falls
use the time and solve the
mystery
will rule eternal
darkness
or will rise a new sun?

Those which we've lost 2000 years
ago?
