

# Crystal Ball, Candlemass

Black heart, your soul is mine  
gaze into and the secrets you'll find  
Just read the signs  
Gaze into the crystal  
See what it tells  
It can bring you all fortune  
do you so well  
Visions and dreams you can see in the  
Crystal ball  
I saw the rainbows end  
I am raptured I cannot pretend  
I have found Atlantis  
The talisman of Seth  
I have seen it all  
dreamt away through the crystal ball  
Tell me more I want to know  
please hear my call
