

# Crystal Eyes, Child Of Rock

Music: Mikael Dahl - Lyrics: Mikael Dahl

A little child has changed our world  
A light in the dark, a miracle  
Forevermore her spirit will illuminate our lives

With open arms and open minds  
we make her one of our kind  
In unity we now welcome her with our song

Chorus  
Spread your wings and fly, we will take you high  
Child of Rock  
You were born and bound to the Heavy sound  
Child of Rock  
Trust us when we say: Take the Metal way!

Solo Dahl

Life is too short to throw away  
Dont waste no time, live here and today  
There may be tears along the way, but well be here for you

There is no right, there is no wrong  
What you will need is in our song  
The Only Rule is all for one and one for all

Chorus  
Solo: Nyberg, Dahl

Bridge  
When we're dead and gone  
you'll have to carry on  
Show them that you're strong  
and always remember our song

Chorus

Oh, oh, child you where born to rock  
Oh, oh, child you where born to rock  
Oh, oh, child you where born to rock  
Oh, oh, child you where born to rock  
We were all born to rock!
