

# Crystal Kay, As One

As we go thru life, love is the greatest gift of all  
But sometimes it feels that this world is a crazy place  
It seems that we all come and go like a million stars  
There's always some good and bad times  
but we're gonna keep moving on

Open up your heart and look around the world  
just feel this joy of life  
I know that if we share the love we'll never lose our way

Remember it's our everything, all we need is love  
We should feel some happiness  
Nothing's gonna change our way, don't let them bring us down  
Forever we'll go hand in hand and I'll hear your voice  
it's telling me how you feel  
And no matter what they say it's true  
Together we can be as one

I see there's people hurting each other day by day  
Sometimes it seems like no hope unless we believe in love  
I don't want us to fall apart like a house of cards  
Now this is the time please tell me what we can do for our world

Listen to your heart  
start looking to the future waiting for all of us  
I know that we will have a chance to make a brighter day

Remember it's our everything, all we want is love  
Wanna share the happiness  
Nothing's gonna change our way, it's always in our heart  
Forever we'll go hand in hand, can you hear my voice  
Let me tell you what I know  
Coz no matter what they say it's true  
Together we become as one

Remember it's our everything, all we need is love  
Wanna share the happiness  
Nothing's gonna change our way, that's how we meant to be  
Forever we'll go hand in hand, and I'll hear your voice  
it's telling me how you feel  
And no matter what they say it's true  
Together we can be as one
