==Translation==

&lt;lyrics&gt;

Can't get no more  
since that incident, you're just my Ex-Boyfriend

Ain't my baby making me fall  
into that trap perfectly  
Can't make those tricky eyes  
too frequently, can't you?  
As for love,  
ain't your baby too soon, so  
that whisper voice  
is ineffective  
&amp; isn't sexy  
You're too sly, aren't you?

That day at the bus stop, I just happened  
to see my boy kissing that girl in the car  
That disbelief, it was the worst moment  
I couldn't breathe  
Am I being dumped?  
That was what my heart was convinced of, oh no  
Maybe it's come to this?  
I cry, telling myself hey

Can't you see? U hurt me My first true love  
I muttered to myself  
Let me down Told me lies Made me cry, and love no more  
You aren't my boyfriend anymore  
Can't you see? U hurt me My first true love  
It's none of my concern now  
Can't get no more  
from that incident  
U R just my ex-boyfriend

\* repeat

At tonight's party, I happened to see  
your eyes casually stabbing my back  
What is it? Are you alone?  
In the crowd, drawing me close  
Is your heart pretending?  
As for that, my heart is already broken  
Though you try to whisper, it's too late!  
Feigning ignorance, I'm just enjoying myself, hey

\*\* repeat

\* repeat

The scent of your cologne,  
that cute smile  
Yeah, even now I love them  
Don't tease my little heart  
Still, I can't forget  
If they are my true feelings,  
I intend to continue to conceal them

I'll never show oh  
U'll never know, so  
Can't get no more from that incident U R just my ex-boyfriend

\* repeat twice
