== Translation ==

</lyrics>
Sneakin' away to a party. Searched for the breeze
The moonlight reflects.
Who are you seeing alone tonight?

oh yeah baby The same greeting is weak like that, huh?
As it is, just a little, I gaze at you, and I wanna touch you

Good Times oh yeah
With us, The moons light will be showering
*1 Good Times oh yeah
Strange, huh? Cause time stopped sometimes

So saturday night until morning, we're unconcerned
Our friends joining together
In freedom, it's sorta fun

oh yeah baby Let's see a movie of something with one scene.
Name too don't sing for loving that might finish

*2 Good Times oh yeah
Throb. The hot beat swaying
Good Times oh yeah
Strange, huh? Cause time stopped sometimes

Which one's voice raises in the beginning?
baby heads or tails
We'll search each other
The short night in the summer fluttered
(baby be mine, for tonight)
I'm sure you'll be at once

I wanna touch you
*1, *2 repeat
