

# Crystal Kay, Make You Mine (English Version)

Me and my girls we come to party  
The glossy lups, new kicks  
How they look on me (hot!)  
Was it destiny?  
I saw you walking Oh and you looked at me  
(what?) a vision of surprise  
Standing there you know that  
you look so fine (Not!)  
Here to waste my time  
Step to the dance floor  
I'm gonna make you mine

mine mine  
I'm gonna make you mine  
I'm gonna make you mine

Move your body closer into me  
Show me what you got  
Make me feel so good (ummmm)  
In a fantasy  
You cand me high up on a mountain top  
(STOP!) Hu let me breathe  
We're into the vibe  
I'm high on your extacy  
(pop!) There goes my heart  
Clear the dance floor  
I'm gonna make you mine

mine mine  
I'm gonna make you mine  
I'm gonna make you mine

You make me HOT HOT HOT!

I'm gonna make you mine
