

Crystal Lewis, It's Alright

copyright T. Meier

Hey, it's alright...

Hey, it's alright...

It's alright, It's alright, It's alright

See that man walkin down the street

Well he used to be a liar & cheat

Till the light shone down from heaven above

Showed that man his one true love

Now he's alright, he's alright, he's alright

See that woman ain't goin no where

Ridin' that car, wind in her hair

Stayin' out late & drinkin all night

Gotta say the word baby, just one time

Then it's alright, it's alright, it's alright

See the child, Lord, with no family

Look in his eyes - his mind's out at sea

His life was over when it just begun

Starts livin through the barrel of a gun

But it's alright, it's alright, it's alright

Hey, it's alright...

Hey, it's alright...

It's alright, It's alright, It's alright
