

# Crystal Lewis, One Man

We are all living a borrowed time  
We all have hopes and dreams  
our future is fading rapidly  
only a few will see  
life is not always what it seems  
even the best will fall  
why does our past bring us to see  
we are in such great need

What do you want from me  
even the best can see  
my life is better now

(Chorus)

One man who takes care of us  
one man who is big enough  
one man who sees every hurt  
one man who can change th earth  
one man who takes all the pain  
of everyone who calls his name  
one man  
one man  
one man

We all want more than what we need  
we want to win the race  
people are falling far behind  
aren't we the chosen kind  
Broken sould who can't keep pace  
longing to find their way  
looking for someone who can lead  
a lonely world in need

What do you want from me  
even the best can see  
my life is better now

(Chorus)

What do you want from me  
even the best can see  
my life is better mow

What do I have to do  
I'm trying to reach for you  
I want you to know this man

(Chorus)
