

# Crystal Lewis, Over Me

copyright Maria McKee, Patrick Sugg

When there's music all around  
No conductor in the stand  
When the singing is like sobbing  
With no method to the sound  
There's a voice that reminds me not to fret  
It's the one that rings out above the rest  
There's a song, sets me free  
Like a rhythm over me  
There's a chain, a chain of voices  
Looking for a harmony  
There's a sound like a trumpet  
Blowing out across the sea  
There's a beat from the center of the wind  
With the heat from the keeper of the flame  
There's a breath moving sweetly  
Like a rhythm over me

(chorus)  
And it is over me  
When I feel I cannot move  
It always carries me  
It is over me  
Like a rhythm over me

When I'm riding with the angels  
With my feel like the wind  
When I'm riding with the angels  
With my wings like the eagle  
There's a voice that reminds me not to fret  
It's the one that rings out above the rest  
There's a song, sets me free  
Like a rhythm over me
