

Crystal Lewis, Something Christ Did

[Chorus]

It's something that Christ did
When He came in my life
I never knew I would
Feel so complete inside
It's something that Christ did
When He came in my life
I never knew I would
Feel so complete inside

He's given brand new life to me
And all the things that life should be
I am now finding out what this world's about

All my friends see
Never ending love
Freely given peace from above
All my friends notice
Something new
Oh what a joy that I find in You

Chorus

1st verse

Chorus
