

CSS, Poney Honey Money

Pony honey money
I love you so
You are all I ever wanted
I am happier now you know

When I was just a girl
You were my friend
I could ride you around and brush your bright rainbow hair

Pony pony pony
You're drivin' me through the air
Honeyhoneyhoney
You're simply the best
Moneymoneymoney
You never let me down
Ponyhoneymoney
Ponyhoneymoney

Ponyhoneymoney stay with me
We sleep when we're down so we can dream
Remember the time Chinese was so weird
You were just little boy gettin' ready for me

Ponyponypony
You're drivin' me through the air
Honeyhoneyhoney
Don't act like you don't care
Moneymoneymoney
I need you so
So I can take poney and honey to their favorite rock show
