

Culture Beat, One Good Reason

Give me one good reason
Only one good reason
And I will follow anywhere you want me to
Until the last chord fades
Give me one little chance
Only one little chance
And I will tell you everything I have in mind
So that you get to know me well

Give me one good reason
Only one good reason
Give me something to believe in
Like the hand that I'm feeling
Give me one good reason
Only one good reason
Give me something to believe in
Like the hand that I'm feeling
Give me a sign of affection

A little sign of affection
And I will change in any way
You want me to

Give me one good reason
Only one good reason
Give me something to believe in
Like the hand that I'm feeling
Give me one good reason
Only one good reason
Give me something to believe in
Like the hand that I'm feeling
Give me one good reason
Only one good reason
Give me something to believe in
Like the hand that I'm feeling
