

# Culture Beat, This Is My Time

Text: Frank Blow

Music: Frank Blow

how many days, how many nights  
I waited so long until they switched on the lights  
I'm going out  
they're screaming for me  
now I am right where I wanna be  
I'm so excited just to show  
you everything I have to show - oh baby  
and when the crowd is getting high  
I feel like I could touch the sky - oh baby

Chorus:

this is my time  
this is my time  
this is what I've been waiting for  
this is my time  
this is the place  
it's my time  
this is my time  
this is my time  
this is the key to unlock the door  
this is my time  
this is the place  
it's my time

I will be queen, you will be king  
they're throwing us kisses  
when we start to sing  
I wanna rule the world just for one day  
now you'll listen to the things I gotta say  
I won't be good I'll be the best  
and I am gonna beat the rest - oh baby  
and I want all of you to know  
it's what I do and where I go - oh baby

Chorus
