

# Culture Club, Boy, Boy (I'm The Boy)

Words that pull the trigger  
Fear the laughing sound  
Haunts you  
to consider  
Love might turn you around  
To face a blind emotion  
Words like hey let's try  
Words like thinking it over  
They just don't apply  
I'm the boy (you made me)  
I'm the boy  
I'm the boy  
I'm the boy (you made me)  
I'm the boy  
I'm the boy  
Love is...  
What you make it  
Love the overflow  
Play if you can take it some...  
They just don't know  
If all the rules they're making  
Break somebodys heart  
Whats the use in taking  
Babys fall apart  
I'm the boy (you made me)  
I'm the boy  
I'm the boy  
I'm the boy (you made me)  
I'm the boy  
I'm the boy  
You made me realise  
That love is just a word  
That goes unheard in a situation  
Where love is nothing  
And you...  
Are all I can see  
this boys in love with you  
You're everything  
I can see  
This boy's in love with you  
You have taken it all  
Away from me
