

Cultured Pearls, Just to let you know

Today is just another day
For me I see now
Just like other days in my life
They seem like a breeze
Flowing over death
Creeping slowly over my body
For the last day that I see
Just to let you know
Just to let you know
I never wanna laugh again
The laughs I had I never shared
Just to let you know
I never wanna cry again
The tears I cried weren't seen in the rain
That we are in
That we are in
That we are in
Today will be my last day
But why worry
Belief is the land I'm travelling to
I'll leave with a smile
To show I don't blame you
Creeping slowly out of my body
Today's the last day that I'll see
Just to let you know
Just to let you know
I never wanna love again
The love I gave was just a nothing
Just to let you know
I never wanna feel again
The feelings I had never touched anyone
The love I gave
The love I gave was just a nothing
Was just a nothing
The feelings I had
The feelings I had never touched anyone
Never touched anyone
Deep within
Deep within
Deep within
Deep within

Deep within
Creeping slowly out of my body
Today's the last day that I'll see
Just to let you know
Hey yeah yeah yeah
Just to let you know
I never wanna love again
The love I gave was just a nothing
Just to let you know
I never wanna cry again
The tears I cried weren't seen in the rain
The love I gave
The love I gave was just a nothing
Was just a nothing
The tears I cried
The tears I cried weren't seen in the rain
Weren't seen in the rain
That we are in
That we are in
That we are in
That we are in
That I am in

That you are in
That he is in
That she is in
That they are in
That we are in
That you are in
That I am in
That I am in
That I am in
