

# Curt Smith, Still In Love With You

I think I'll fall to pieces  
If I don't find something else to do  
This sadness it never ceases  
Oh I'm still in love with you  
And my head keeps on reeling  
It's got me in a crazy spin  
Oh darlin' darlin' darlin'  
Is this the end?  
I'm still in love with you

You know some people out there are saying  
Time has its way of healing  
It can dry all the tears from your eyes  
Oh but darlin', they don't tell you about this empty feeling  
You know I can't disguise it  
After all that we've been through  
I try my best but it's no use  
Oh I'm gonna keep on loving you  
Is this the end?  
I'm still in love with you

And now that it's all over  
Woman I think there's something you should know  
Hey maybe 'cause my baby she had a baby by me  
She might think it over one more time before she goes  
Call on me baby  
If there's anything I can do for you  
Call on me baby  
Help me see it through  
I'm still in love with you
