

Cut 'N' Move, Im Alive

*I'm alive, I'm alive, alive, baby I'm alive
Yes I'm alive, I'm alive, alive, baby I'm alive

I love you baby, the feeling's all around me
I want you baby, all night long
When we're together, the dream has no ending
Let's come together and sing our song

**I'm thinking of you, of you
I wanna love you, love you
I can't deny the way I feel

*Repeat

Uuh, uuh....

You mystify, touch me in the right way
You keep me hanging, on and on
You cannot hide, I know you want me
Come, baby, let's get it on

**Repeat

Rap:
Snowwhite and the seven dwarfs
Set out to live life, let's timewarp
Back to the stage of the modern life
Age of the dumb, the pretty people
Let's turn the page
Bomb the bass, the bass in your face
To let you know the reason I'm on your case
I'm like a warlock, drop spells of magic
Keepin' it live, that's it!
