

Cuthbert And The Nightwalkers, Newtown (La La

I wish I moved to Newtown with my three friends
I would give up working on Sundays and reclaim my weekends
But I'm still back in Belrose that leafy suburb
Lots of fragrances up my nose and mum's the word

We lost four hours sleeping on Saturday
Me and the girlfriend are going to get away
But I'm still back in Belrose that leafy suburb
Lots of fragrances up my nose and mum's the word

We lost four hours sleeping on Saturday
Me and the girlfriend are going to get away

And do you know where we're gonna go? Terry Hills!
The place I wanna be, Terry Hills!

We lost four hours sleeping on Saturday
Me and the girlfriend are going to get away
Now my sister and her boyfriend have
Found me a job in the city
And I'm all cashed up and moving out
And sitting so pretty!

But you know where my heart is
Terry Hills!
The place I wanna be, Terry Hills!
