

Cuthbert And The Nightwalkers, Red Frogs

I'm a lot like you
I'm a lot like you and you know it
Our favourite colour is blue
And we like red frogs

We're not like them
We're not like them and they know that
They're writing with a pen
And it's all the same

My mum will pick us up again

At morning tea
At morning tea I'll sit by ya
That means the most to me
'Cause we are best friends

What we doing next?
What we doing next after we play?
My older sister says
That we look the same

My mum will pick us up again

I'm a lot like you
I'm a lot like you and you know it
Our favourite colour is blue
And we like red frogs

I'm a lot like you
I'm a lot like you and you know it
Our favourite colour is blue
And we like red frogs
