

# Cyclefly, Crawl Down

You move like a slow train, on rubber wheels,  
Crawl from the drainway to covet me.  
You lie in a doorway and softly scream.  
I want to be obscenity.  
I am the pleasure you call pain,  
The flash that lacerates your brain.  
The undisputed King of shame.  
Your focus your brain-waves, on sodomy,  
Roll in the black rain, in agony,  
You died in a doorway, reflecting me,  
I want to be obscenity  
I am the pleasure you call pain  
The flash that lacerates your brain,  
The undisputed King of shame.  
I am the heroin you sort, the bloody fetus you abort  
We all crawl down  
We all crawl down  
I am the pleasure you call pain,  
The flash that lacerates your brain,  
The undisputed King of Shame  
I am the heroin you sort, the bloody foetus you abort,  
We all crawl down  
We all crawl down
