

# Cyndi Lauper, One Track Mind

Ah, ah

Ah, ah

(Got a one track mind)

Something's happening

I want everything

...What does the moment bring

I want it now

(Got a one track mind)

I want it, I need it

(Got a one track mind)

I really think so

Ah, ah... I want everything

and I want it now!

(Got a one track mind)

People say to me

mind my Q's and P's

...Why do they bother me

Something inside

(Got a one track mind)

Comes over me,

I want it, I need it

(Got a one track mind)

I really think so

Ah, ah...

(Got a ...)

I climb up the stairs

I sit up and stare

But nobody's there

I walk ahead

(Got a one track mind)

You fall behind

Another victim

Got a one track mind

Ah, ah... I want everything

and I want it now!
