

# Cyndi Lauper, Rather Be With You

Sometimes I look at you  
Feel like I make you blue  
Wish I could make us all brand new  
Wish I had some mystery left  
To my personality  
Then I could wink at you  
and you'd laugh like you used to

You know I think we'll make it through  
Cause if it's all the same  
I'd rather be with you  
We could move on if you wanted to  
Cause if it's all the same  
I'd rather be with you

I know it's hard not to  
continue what we do  
And remove a pattern  
Like an old tattoo  
I go with you  
You go with me  
But if we had some clarity  
Well maybe we could stop ourselves  
before we both get silly

You know I think we'll make it through  
Cause if it's all the same  
I'd rather be with you  
We could move on if you wanted to  
Cause if it's all the same  
I'd rather be with you

Always felt strong  
we belong  
From the first time you stood next to me  
Am I still your girl?  
Cause in a crowded world  
You are still the only man I see

Maybe we'd stop ourselves  
Before we both get silly

You know I think we'll make it through  
Cause if it's all the same  
I'd rather be with you  
We could move on if you wanted to  
Cause if it's all the same  
I'd rather be with you

You know I think we'll make it through  
Cause if it's all the same  
I'd rather be with you  
We could move on if you wanted to  
Cause if it's all the same  
I'd rather be with you
