

Cyndi Thompson, But I Want To

You don't know me
But I'm the girl that lives downstairs
Apartment 214
The girl with long brown hair
I know you've seen me
'Cause I've seen you
But we've never spoken

I haven't met you
but I want to
I haven't kissed you
but I need to
I don't know you
But I want to
Yeah I want to

Please forgive me
I know this is kind of strange
To stop you here out of the blue askin' your name
But I couldn't let another day go by
Bein' strangers

I haven't met you
but I want to
I haven't kissed you
but I need to
I don't know you
But I want to
Yeah I want to
Yeah I'd love to get to know you better
Maybe we could get together sometime
Oh anytime
At all
La, la, la, la, la, la, la
La, la, la, la, la, la, la
La, la, la, la, la, la

I haven't met you
but I want to
I haven't kissed you
but I need to
I don't know you
But I want to
Yeah I want to
I want you

I haven't met you
but I want to
I haven't kissed you
but I need to
I don't know you,
but I want to
Yeah I want to
Oh I want to
