

# Cyndi Thompson, Things I Would Do

Things I would do  
Apologize  
Bite my tongue  
Swallow my pride  
Just shut up  
Change my tune  
Clip my wings  
Take it back  
Everything

Things I would do just to have you back again  
I'd single handly prove to you that I can  
Fight for you, cry for you, I'd live and die for you  
These are just some of the things I would do

Bury that hatchet  
Burn that bridge  
Ride my high horse  
Right off of that cliff  
Move that mountain  
Cut it down to size  
Sieve the moment  
Compromise

Things I would do just to have you back again  
I'd single handly prove to you that I can  
Fight for you, cry for you, I'd live and die for you  
These are just some of things I would do

Ahhhhh

I miss your hands, your face, your laugh, your smile  
The sweet, sweet kiss  
The ones that used to drive me wild  
Do, do, do, do  
Do, do, do, do  
Ahhh  
Do, do, do, do  
Do, do, do, do

Things I would do just to have you back again  
I'd single handly prove to you that I can  
Fight for you, cry for you, I'd live and die for you  
These are jsut some of the things I would do

If looks could kill  
I'd be shootin' blanks  
Stop stirrin' stew  
Start givin' thanks  
Stop spinnin' my wheels  
Apologize  
Bite my tongue  
Swallow my pride  
Take it back  
Compromise  
Just shut up  
I'll shut up  
Do, do, do, do
