

Cyndi Thompson, What I Really Ment To Say

it took me by surprise when i saw you standing there
close enough to touch breathing the same air
you asked me how i've been i guess thats when i smiled and said just fine
oh but baby i was dying

what i really ment to say is i'm dying here inside
and i miss you more each day
there not a night i haven't cried
and baby here your truth
i'm still in love with you..
yah thats what i really ment to say

and as you walked away
the echo of my words
cut just like a knife
cut so deep it hurt
i held back the tears
help onto my pride and watched you go
i wonder if you let me go...

what i really ment to say
is im dying here inside
and i miss you more each day
there not a night i haven't cried
and baby heres your truth
i'm still in love with you

what i really ment to say
is im really not that strong
no matter how i try
i'm still holding on
and heres the honest truth
i'm still in love with you

thats what i really ment to say...
thats what i really ment to say...
thats what i really ment to say...
