

Cypress Hill, Everybody Must Get Stoned

"This sure is. I got data on crazy shit for round the corner you know

The homeboys and the brothers be slangin' this shit

But anyway, (everybody must get stoned (x4))

You over there singin' some shit, talkin' 'bout

Everybody must get stoned

I don't know but that shit sounds good to me"

[Verse 1]

Hit the joint, up the bomb, take a puff

Till you just can't get enough

Of the sunk a punk

Pick an endo, wanna take control

But the primaso puff on the endo (keep puffin')

Let me take it in then I let it out (let it out)

One of you motherfuckers pass the barred owl

Peace to the niggaz in all the Budha spots

Slangin' fat bags o' weed and runnin from the cops

(runnin' from them fools)

I hit the leno then pass it on

To the cypha' of dreadlocks gettin' stoned

(All the dreadlocks ly'a')

>From the fat joint twisted at the end

'Cos I get high with a little help from my friends (from my friends)

[Chorus]

Everybody must get stoned

I said everybody must get stoned

(Everybody must get stoned)*variations*

(x4)

[Verse 2]

Hit the blunt of the bong, take your dope

Now my head's in a cloud of smoke and no joke

Called 'the uptight', motherfuckers puttin' me down

'Cos I talk about the green shit in every town (Everywhere I go)

You right in front of me, I can't see ya

I'm blind and faded and I get the G-rock

And everything's gonna be alright

When I pass that toochi from the left-hand side

Niggaz is havin' a good time tonight

Roll it up, hold it up, pass me the fucking light

(Gimme that lighter) Indoor on the home-grown

Light it up, everybody must get stoned (gotta get stoned)

(Chorus-different variations)

You know how we talkin' to talk

We say, stoned is the way of the walk (x4)

(Chorus till fade)
