Let me ask ya, can I gets busy one time?

And unwind and chill, with Cypress Hill

Huh, I go on with my bad self

I'm the four pound toter, the Phil blunt smoker

Believe me not, I'm wicked like three sixes

I'm doper than the Pete Rock remixes

Never walk through the crowd sluggish

I'm hardcore to the Bone, I'm Thuggish Ruggish

The Green-Eyed, Bandit, I be ERRRICK SERRRRMON

I gets real determined

And one for the trouble, and two for the bass

I take it to your face with this here lyrical mace

And if you don't know, y'all better recognize

I'm coming through with speed, with pounds of weed

With chips and clips and tons of blue steel

So who wants to be the first nigga to die?

Then try and test this, buddha blessed Gemini

You get thrown sent home in a coffin

Punk stuff don't make it back, very often

I got Erick to take care of the Sermon

Ashes to ashes, dust, bodies burnin

Bustin open the doors to the temple

Takin you to the dark side of your mental

Chorus: B-Real

Kickin it to the brothers on the corners, in the alleys

Throw your hands in the air

Kickin it to the brothers on the corners, in the alleys

Throw your hands in the air

I rhyme tricky, the sticky smoka with the mind itchy

finger up on the pen, be like "He the bomb, dicky!"

These off-keys MC's hawk me, they won't get off me

So I kill em softly and use em as walkie talkies \*bzzzzt\*

Turn up my level adjust my voice pitch

Hoist this diagnosis, comatosis
