

Cypress Hill, When The Shit Goes Down

[Cypress] Born to get busy, born to get busy baby -- 2X

[Sen Dog]

I'm the the stiff and I do get nice-r

Up the pussy when we in the same party, what

We can do this bro, we can't be maxin

The figures is useless, unless we're taxin

This is a perfection and my tribe's the cash dump

Known as a musician, imitator act up

Nobody's kid brother, that means I'm up for this task

And I set out from the beginning, to kick on the scratch

Using modern technique, I place a beat in a rap

I went to learn acquire knowledge of a scholar went to college, all

Comes very handy when it comes to pushin shovin and stuff

Then ask who is he though, I'm not the sissy

I'm stiff to neutral brother, and I'm born to get busy

[B-Real]

Let us start to freak you and we'll make you feel alright

When you come to Cypress Hill make sure that you're down with the tribe

Cause we're born to get busy, born to get busy baby

Born to get busy, born to get busy baby -- 3X

B-b-b-b-busy!

(Yeaaaahhhhaaaahaha, yeah!)

[Sen Dog]

As I stroll the ever ways of the buddha masters

As I smoke my joint I feel one with the earth

But a brother like me keeps on walkin to get to the

next sign then blaze the next joint...

short pause, then outro comes on over "Stoned" instrumental

The, physical effects of marijuana

The first sensations may be felt instantly after having smoked grass

or an hour after having eaten

Usually, they creep slowly into this stoned condition

Inch by inch, sliding upward, but to beatnik

The effects may come upon you, suddenly, and startle you full force

(The, physical effects of marijuana)

(There are four basic types of marijuana)

Psychologically, sometimes the early psychological stages

coincide with the early physical stages experienced while stoned

The famous "mind expansion" comes after the famous physical sensation

Grass, heightens and distorts

For example, profound revelations

You may THINK you have profound revelations, only to discover...

music and fade obscure final words
