

Czesław Niemen, Catchy Kathy

Little Kathy she just turned
around the midnight corner
Puling sheets, stepping feet -
Let is all be sure now
Have you ever been
those thirteen!
Little Kathy didn't
understand the situation
More than 7 years came
between our happy nation
Now sing it right - was
happy Kathy tight?
Catchy Kathy - I just throught
about it swinging myself
in your topsy tales, Redhead!
Catchy Kathy - I guess that it's
time before this Pokemon
will blow your mind
Catchy Kathy - I hope I soon
will be a part of your teenage fantasy...
(Two, drei, vier!)
I could have been somebody else
I could have reached the
morning glow
Do you get it - for the final show
I could have look upon her dirt
Miss wet t-shirt, pull down her skirt
Do you get this
for the perfect flirt!
Little Kathy couldn't couldn't couldn't
She gets it - and I shake it out -
for the good boys and the girls
We get this show right
What could I do?
Questioning my little baby?
Put me, get me right Kathy,
Catchy Kathy
I thing I just went CRAZY!!!
Catchy Kathy - I just throught
about it swinging myself
in your topsy tales, Redhead!
Catchy Kathy - I guess that it's
time before this Pokemon
will blow your mind
Catchy Kathy - I hope I soon
will be a part of your teenage fantasy...
SO COME ON CHILDREN SING WITH ME!!!
(Two, drei, vier!)
I could have been somebody else
I could have reached the
morning glow
Do you get it - for the final show
I could have look upon her dirt
Miss wet t-shirt, pull down her skirt
Do you get this
for the perfect flirt!
I could have been somebody else
I could have reached the
morning glow
Do you get it - for the final show.
