

# Cztery Refy, Put Yer Shoulder Next To Mine And

Oh, once I had a girl, had a girl,

- Had a girl!

Oh, once I had a girl, had a girl,

- Had a girl!

Oh, once I had a girl, she put me in a whirl,

- Put yer shoulder next to mine an' pump away, pump away,

Put yer shoulder next to mine an' pump away!

She had me on a string, on a string,

- On a string!

She had me on a string, on a string,

- On a string!

She had me on a string, I bought her everything,

- Put yer shoulder next to mine an' pump away, pump away,

Put yer shoulder next to mine an' pump away!

When I came home from sea, home from sea,

- Home from sea!

When I came home from sea I bought her gifts so free.

- Put yer shoulder...

I brought her presents one...

...she said I shouldn't have done.

I brought her presents two...

...and her heart she let me woo.

I brought her presents three...

...and she caught me by the lee.

I brought her presents four...

...and she met me on the shore.

I brought her presents five...

...she was very much alive.

I brought her presents six...

...and that one did the trick.

I brought her presents seven...

...she said she was in the heaven.

I brought her presents eight...

...and I took her for my mate.

I brought her presents nine...

...the baby's doing fine.

I brought her presents ten...

...now we start all over again.
