

# D-12, 6 Reasons

## [Proof]

You wish that you could bear me black  
D12 standing back  
No planning that  
Def methods, we got a hand in that  
Whoever run this shit  
You get a jammed knee cap  
Make the healthy get sick  
And your fam handicapped  
You a fan of rap  
My clan attack  
Your school, home, your bitch house  
Pull my nine milli  
You gon' die with your fist out  
Him an his  
It's over with  
Venom is this  
cobra spit  
Agressive dialect with agressive  
Sober bitch  
My bionic fires demonish atlonics  
Demonic is tainted chronic  
Impossible to hold down like vomit  
Mics I palm it  
You stay to bomb it  
Like tourists that's Islamic  
I enter your atmosphere like a comet  
The new god of rap  
Call me nigga Thor  
Snap your back  
When I slap your ass in a figure four  
From miles around they can feel it's lethal  
I make hardcore groups like Wu Tang  
Look like the Village People (fags)  
No sequel  
The general let the senistal  
Abort your mind state and kill your inner child

## [Bizarre]

It's been a while  
Since you bitch niggas heard of me  
'cause the last six months  
I been doing R&B  
But now I'm on some sick shit  
Niggas better duck quick  
You don't know who you're f\*\*king with  
I'll leave you niggas breathless  
Seeing me and Bugz rolling in the blue hummer  
You a bitch, scared to shoot like Lindsay Hunter  
Don't need to be a father  
'cause I'm just to illmatic  
I'll probably poison my kids  
Like flowers in the alley  
F\*\*k your anorexic neglects it  
F\*\*k a Lexus  
I'm doing drivebys on XXX BMX's

## [Bugz]

I know a girl who said she's prio  
And her sign is a Leo  
Bugzy f\*\*ked her in a Regal  
And then she took me to my P.O.  
F\*\*k rollin' ceelo  
I'm down to a c-note

Lost a g' rollin' dice at that punk ass casino  
But f\*\*k it (shit) 'cause when times get bad  
See me and drag with the mags  
On unsuspecting fags (bitch)  
I gotta shoot  
Bitch you got the boot  
And hurry up with it  
I'm trying to catch this prostitute (I got ten)

[Kuniva]  
I'm the nigga that spotted ya  
Spit something hot at ya  
Rip your Nautica  
Saw you backstage and shot at ya  
And kill subliminally  
You can go on  
And spin your group name 25 times in one song  
I'll still write about you  
Hip hop is better off without you  
Blowing niggas outta they bathrobes  
And funky house shoes  
For the hell of it  
I f\*\*k Missy Elliott  
Don't give a f\*\*k if her belly gets  
In my way, I'm still nailing it  
Got this verbal tech nine  
Spitting at you for telling shit  
Get this dead body off the mic  
I'm f\*\*kin smelling it

[Kon Artis]  
F\*\*k it  
Let's have a scrub out  
F\*\*k around with us and see what happen  
We all got them guns blappin  
Got y'all niggas back tracking  
Ya, we dump bodies in seashores  
Busting DJs over they backs with keyboards  
Turn up my levels  
Your crew is fruitier than pebbles  
Changin you razor back MCs to running trebles  
Bust up  
Kon Artis, quick to smack your slut up  
Keep a pack of rubbers  
Just in case I gotta nutt up  
Brigade style hold 'em out down  
That's how it's meant to be  
You kick the same shit  
Your whole tape sound like a symphony  
Don't say shit to me  
It's DP carry your daughter  
Talking bitches outta they panties  
Dollars and last quarters  
Like that horsemen  
I'll leave your whack crowns hutless  
Watch Defarius come to my show  
And leave dreadless  
Whoever said this slash rapper and producer  
Wouldn't make your head twist  
Guard your grill and your necklace

[Chorus]  
I got 6 reasons why we keep shit coming  
Dirty Dozen left niggas running for cover  
Hiding behind your lovers

Skirting off peeling rubber  
As we shout  
"DON'T F\*\*K WITH DIRTY DOZEN"  
6 reasons why keep shit coming  
Dirty Dozen left niggas running for cover  
Hiding behind your lovers  
Skirting off peeling rubber  
As we shout  
"DON'T F\*\*K WITH DIRTY DOZEN"  
I got 6 reasons why we keep shit coming  
Dirty Dozen left niggas running for cover  
Hiding behind your lovers  
Skirting off peeling rubber  
As we shout  
"DON'T F\*\*K WITH DIRTY DOZEN"

Yeah yeah bitch (what what)  
We'll bring it to your crew
