

D'Angelo, Really Love (& The Vanguard)

When you call my name
When you love me gently
When you're walking near me
When you call my name
When you love me gently
When you're walking near me
I'm in really love with you /3x

When you look at me
I open up instantly
I fall in love so quickly
I'm in really love with you /3x

All night beside you I'd lay
I love you deep when you come to my bed
I'm in really love with you /3x

When you touch me there
When you make me tingle
When our nectars mingle
I'm in really love with you /3x
I'm not an easy man, to overstand, you feel me
But girl your patient with me
I'm in really love with you /3x

All night I wish for you here
Lay your head beside my hip
I'm in really love with you /3x

I'm in really love with you /3x

How I love the little things you do
I'm in really love with you
