

# D'Angelo, Spanish Joint

Whenever it rains I feel this way  
a little sumthing 2 get me thorough this  
give me a little that, no time flat  
gonna be a good thing

serene but in need of feelin free  
letting go and landing on my feet  
brushed the dirt off my back no time flat  
gonna be a good thing

well people belive this saying is true  
whatever will b will forever do  
whatever the cost I'll pay in full  
I ain't got nuthin to do with you

gotta get out gotta get out of here  
im in the dark and the light looks sincere  
brushed the dirt off my back no time flat  
gonna be a good thing

all u do is complain about your pain  
and the cloud that follows you wont cease to rain  
dont look back handle that  
make it into a good thing

something up in me gotta be  
sole controller in control of me  
a link in your chain just wont do  
I dont want nuthin to do with you
