ENG -----

Since some time ago, I get scared easily
Constantly feel like I'm not who I used to be
Love to me always fails to be like a movie
Maybe every time we could never see eye to eye
And I was the only one trying to make it work
Perhaps that's what exhausted my heart so quickly

I want somebody, even if it'd take long
I want somebody, even if passion's not fiery
As if all my ways of doing it are the correct answers
Calmly take my hand again
I want somebody to come into my heart again

I love you
I love you, ooh-ooh
I love you
I love you, ooh-ooh

When people try to look inside me
I don't take cover and hide any more
Shoulder to shoulder with me should you stand
Then walk with you I shall

I want somebody, even if it'd take long
I want somebody, even if passion's not fiery
As if all my ways of doing it are the correct answers
Calmly take my hand again
I want somebody to come into my heart again

I love you
I love you, ooh-oo
I love you
I love you, ooh-oo

I want somebody somebody who loves me
Even the darkest depths of my mind
And the way I love
Just as I am
I want somebody somebody who loves me
Even the shadows in my mind
And the ways I express my love
Somebody who'd understand them all

I want somebody out of all those people
I want somebody who'd just happen to come to me
As if all my ways of doing it are the correct answers
Calmly take my hand again
Want such a moment to find me too

I love you
I love you, ooh-oo
I love you
I love you, ooh-oo
