D'Sound, Sweet Music

you play me you know me I dig what you show me I never get tired listening to your sweet music

oh, dj! you play me the bassline consumes me I wanna get swept away listening to your sweet music and

oh; Im feeling so much lighter oh; you take away the day oh; Im feeling so much better you play me, dj, when you play your sweet music

you touch me you grab me you make me feel happy that I came here tonight - listening to your sweet music

the breakdowns
the build up
progression
- delicate!
the night has started when I hear your sweet music

oh; Im feeling so much lighter oh; you take away the day oh; Im feeling so much better you play me, dj, when you play your sweet music
