

# D12, Revelation

Chorus: Eminem]

I don't wanna go to school (I don't need no)  
I don't need no education (education)  
I don't wanna be like you  
I don't wanna save the nation  
Daddy NO  
I just wanna live my life (I don't need no)  
Everyday a celebration (self-control)  
One day I'ma leave this world  
I wait for the revelation

[Bizarre]

I wanna kill myself  
I'm still debating  
In front of a Baptist Church masturbatin  
Praying to Satan  
Think I'm crazy cuz I smoke crack  
Live on B with the mac  
In a two family flat  
Tired of getting hit in the face with a broom  
My mom's on her period  
My dad's in my room (daddy no)  
I got ten rocks that I need to get out  
I sold 'em in five minutes  
In my own damn house  
(My mom smokes crack)  
My poor grandmother  
God bless her soul  
The bitch got AIDS  
She was waiting to die of a cold  
There's three things to keep me from being a Nazi  
I'm black, a fag, and my dad's Liberace

[Kon Artis]

No matter how bad the beating  
I went to school cheating  
My dad whooped my ass at a PTA meeting  
Skipping school, I had to have nuts just to do it  
Got born and became truant  
When I had the gaul to go  
I just couldn't do it  
I was lured into corners by this peer pressure shit  
How would you feel if you was held  
By the tip of a barrel  
Getting threatened to get your skin  
Ripped to bone marrow  
Bet suburban kids  
Never got rushed for their apparell like me  
Outcast  
Last to class  
First to leave  
When the teacher called on me  
Best believe  
I had something up my sleeve

[Eminem]

I been praised and labeled as crazy  
My mother wasn't able to raise me  
Full of crazy rage  
An angry teenager  
Nothing could change me back  
Gangsta rap made me act like a maniac  
I was boosting  
So influenced by music

I used it as an excuse to do shit  
Ooh I was stupid  
No one could tell me nothing  
Hip hop overwhelmed me  
To the point where it had me in a whole 'nother realm  
It was like isolating myself was healthy  
It felt like we was on welfare but wealthy  
Compelled me to excel when school had failed me  
Expelled me  
And when the principal would tell me I was nothing  
And I wouldn't amount to shit  
I made my first million and counted it  
Now look at it  
A fucking drop-out that quit  
Stupid as shit  
Rich as fuck  
And proud of it  
Thats why...

[Chorus]  
I don't wanna go to school (I don't need no)  
I don't need no education (education)  
I don't wanna be like you  
I don't wanna save the nation  
Daddy NO  
I just wanna live my life (I don't need no)  
Everyday a celebration (self-control)  
One day I'ma leave this world  
I'm waiting for the revelation

[Swifty]  
I was raised with a rifle and mask  
Steadily beating my psychiatrist's ass  
Just for asking about my past  
I was never on that punk shit  
Fucking around could get your beloved abducted  
Smothered in blood quick  
You couldn't pay Swift to give a fuck  
Was crazy like my father  
It must have been poison in that nigga's nutt  
Far as probation  
Fuck peeing in cups  
I violate it anytime  
Let 'em see the blunt  
I grew up steadily masturbating inside a cell  
Drunk as hell  
Having conversations with myself  
You could tell I wasn't leniant  
A disobedient lynch  
that slapped teachers  
Bitch I'm not reading it  
You don't know what dogs go through  
A little nigga sipping liquor  
With my old dude  
What the fuck you gon' do?  
I'm quick to curse you  
I told my mother that I'ma hurt you  
If you ever again mention a curfew

[Kuniva]  
Look  
My family ignores me and I don't like that  
They don't even listen when I tell 'em  
I'll be right back  
This nice beautiful house mom?

It don't mean shit  
Cuz you know Daddy's a drunk  
And he don't clean shit  
And yesterday he hit me like a grown fucking man  
I couldn't stand up to him  
I just ducked and ran  
I'm sick of this  
I wish on Christmas  
That I can get a loaded four-fifth  
And put a fucking end to this (Fuck it!)  
I got no friends and I can't get a bitch  
Only thing I have is dirty magazines and sticky fingertips  
Nothing to smile about  
I'm about to lose my mind  
Got me an automatic nine  
Now I'm wildin' out

[Proof]  
when schools over  
Pupil or people to shoot through  
Kids going cuckoo  
With a two-two  
Since my friend is this new dude  
In his high school  
Losing his noodle  
Learning people don't like you  
The football jocks is  
Spitting on him  
Popular kids in school that's now picking on him  
Burn out youngsta niggas now hitting on him  
And his teacher in his English class keep flipping on him  
And now he's grounded with no allowances  
For drinking forty ounces  
Cuz he was caught by his counselors  
And why the fuck I gotta ride the bench coach?  
Already got expelled for wearing a trenchcoat  
All I ever seen is  
(Violence, violence)  
Told me to keep silent  
Stop batting my eyelids  
It's apparent that my parents weren't parents at all  
That's why I blow out my brains  
and murdered you all...(FUCK YOU)

[Chorus: Eminem]  
I don't wanna go to school (I don't need no)  
I don't need no education (education)  
I don't wanna be like you  
I don't wanna save the nation  
Daddy NO  
I just wanna live my life (I don't need no)  
Everyday a celebration (self-control)  
One day I'ma leave this world  
I wait for the revelation
