

# Da Buzz, Together As One

Right from the start  
I knew  
You surround this lonely  
Ronal in my heart  
I need to know  
How you feel  
If you wanna hold me  
Till the end of time

I'm so afraid  
Afraid to say the truth  
To say that you're my love

There's something in your eyes that keeps me warm  
There's something in your smile that gives me joy  
The moment you tell me that you wanna be together as one  
I never wanna hear you say goodbye  
From the deepest of my heart  
I swear that you're my love  
Say can we be together as one

Will you believe  
In me  
Can I ever show you  
My love is for real  
I'll do my best  
To prove  
I'm the one to kiss you  
Night after night

I'm so afraid  
Afraid to say the truth  
To say that you're my love

There's something in your eyes that keeps me warm  
There's something in your smile that gives me joy  
Whenever you tell me that you wanna be together as one  
I never wanna hear you say goodbye  
From the deepest of my heart  
I swear that you're my love  
Say can we be together as one

It's getting late  
There's something I have to say  
I wanna stay close to your embrace  
It's time to see  
I'm waiting here for you

There's something in your eyes that keeps me warm  
There's something in your smile that gives me joy  
Whenever you tell me that you wanna be together as one  
I never wanna hear you say goodbye  
From the deepest of my heart  
I swear that you're my love  
Say can we be together as one  
Say can we be together as one
