

Daan, Gabriel

I never harvest a story
or jump down the well.
Got no one to save unless I know them too well
So please don't you ask me to play Gabriel
or a guardian angel to keep you from hell.
No whiter then your flags
No hens calling upon your shipwrecked deck
No keeper in your net or a new Bernadette.

I ain't Gabriel
Gabriel Gabriel Gabriel

I ain't no Soddam no Gomorrah no A no B no plan
No Buddha no Bermuda or invisible man
Sun after your rain or son that was lost
A usable connection or a friend of your judge
No late bar getaway car
or a very close friend you will push just too far
If I might have been there done that
You made your wish upon a bad star
No Gabriel
Gabriel Gabriel Gabriel
Gabriel Gabriel Gabriel
Gabriel

I never harvest a story
or jump down the well.
I got no one to save unless I know them too well
So please don't you ask me to play Gabriel
or a guardian angel to keep you from your hell.
No whiter then your flags
No hens calling upon your shipwrecked deck
No keeper in your net or a new Bernadette.

I ain't

Gabriel Gabriel Gabriel
