All the niggas who played with me who dead,  
Them niggas ain't want to live

Ad that head was givin' what it's supposed to give  
I came out here and got on,  
'cause I was doin' what I was supposed to did  
The way she ate me up and ate them kids,  
I don't think she want no kids  
Let's go!

These niggas beefin' for IG  
But, bitch, i want to kill  
Kept getting blessings, bitch  
I hustled, i ain't wanna steal  
I'll whip this bitch out now n front of all these cameras  
Niggas know what it is  
My hitta out here slidin' with a warrant  
I think he want it still  
Tchem pussies pulled me over on the lil 4-way  
The DA asked me for a picture, I wore Dior to my last court date

I am on your ass  
We on your ass  
Bitch , we won;t go away  
I think i need to change the scenery  
A new main  
Something new  
A fine ho, boo thang  
Thinking about chiking me  
About to ho  
Gon' see a blue flame  
Off the front on the Glick  
When i start hitting  
So tie your shoestring  
He's a runner, he's a track star  
Thers though ass niggas that rap ain';t rally that  
These niggas just act hard  
I came in this bitch too real  
I had to chill  
Almost go blackballed  
Just talked to my CPA
