

Dada, Beautiful Turnback Time Machine

I'm going back to high school
And this time I won't be overcome
I'm gonna get all A's and ask out girls
Instead of being dumb

This time I'll save all my money
I won't fall where I fell
I'll hang out with the freaks
And smoke out with the geeks
Crawl out of my shell

In my beautiful turnback time machine
Undo what's been done while you're making the scene
All your stupid mistakes will fix nice and clean
Beautiful turnback time machine
Beautiful turnback time machine

This time I'll go to college become
The intellectual kind
Get a Ph.D. in brain surgery
Blow my parents' minds

I'll buy a house on the ocean
Take up electric guitar
Start a band, write a hit song
Marry a porno star

In my beautiful turnback time machine
Undo what's been done while you're making the scene
All your stupid mistakes will fix nice and clean
Beautiful turnback time machine
Beautiful turnback time machine
Beautiful turnback time machine
Beautiful turnback time machine

Let's go for a ride (ride)
Come on inside (side)
Let's go for a ride (ride)
Just close your eyes

(solo)

I could save the Kennedys and Lennon
And Luther King
Come to think of it
I might change every single thing

In my beautiful turnback time machine
Undo what's been done while you're making the scene
All your stupid mistakes will fix nice and clean
In my beautiful turnback time machine
Undo what's been done while you're making the scene
All your stupid mistakes will fix nice and clean
Beautiful turnback time machine
In my beautiful turnback time machine
In my beautiful turnback time machine
In my beautiful turnback time
