

Dada, Put Me Down

(One, two, three)

When I'm broke, put me down
Let the dust collect on me
When I'm sad, put me down
Like an anchor fallin' through the sea

I don't mind, put me down
Turn the screw, spin me 'round
When you're done, put me down
Down
Down

If I crack, put me down
Let my skin peel away
If I fade, put me down
Certain damage, too much to say

I don't mind, put me down
Turn me up, I won't make a sound
When you're done, put me down
Down
Down
Down

But I'm no good
To you no more
Just say the word
I'll disappear

(solo)

I don't mind, put me down
Turn the screw, spin me 'round
Get the gun and shoot the hound
When you're done, put me down
Down
Down
Down

Down
Down
Down
Down
