

# Dada, Where You're Going

I got hooked by her wire  
It made me trip all day  
(ooh-hoo, ooh, ooh)  
Left her letter on the table  
I guess she couldn't wait  
(ooh-hoo, ooh, ooh)

So I kicked my motorcycle  
It always works for me  
(ooh-hoo, ooh, ooh)  
I tried to meet her at the station  
I think she heard me scream  
(ooh-hoo, ooh)

Where you goin'?  
There's nothing here without you baby  
Where you goin'?  
If you leave then who will save me?  
Where you goin'?  
I wish I was where you're goin'

(ooh-hoo, ooh, ooh)

She got a gig in San Francisco  
To paint the Golden Gate  
(ooh-hoo, ooh, ooh)  
And when the bridge is color-coated  
She's gonna chrome the Haight, yeah  
(ooh-hoo, ooh, ooh)

Her voice is sweet and kinda distant  
Through my telephone  
(ooh-hoo, ooh, ooh)  
She says it's funny, but she's learning  
She likes to be alone  
(ooh-hoo, ooh)

Where you goin'?  
There's nothing here without you baby  
Where you goin'?  
If you leave then who will save me?  
Where you goin'?  
I wish I was where you're goin'  
Where you're goin'

(kick-ass solo)

Where you goin'?  
There's nothing here without you baby  
Where you goin'?  
If you leave then who will save me?  
Where you goin'?  
There's nothing here without you baby  
Where you goin'?  
I wish I was where you're goin'  
Where you goin'?  
I wish I was where you're goin'
