

Daddies Gear, Boys Will Be Boys

Well boys will be boys and they'll always be jerks,
and from what she's seen this is how things work.
They come in sweet and they go out cold,
and you know this seen must be growing old.

She's fucked again and she don't know why.
She's loves him still she's just keeps on trying.
All she wants are things that everyone needs.
But she knows... Yeah she's fucked again.

All she ever wanted was a family and a home.
Just a simple life she could call her own.
Now she left her lone beautiful child.
And she has no regrets she ***** (she'll be fine in a while).

She's fucked again and she don't know why.
She's loves him still she's just keeps on trying.
All she wants are things that everyone needs.
But she knows... Yeah she's fucked again.
Fucked again.

Yeah boys will be boys and they'll always be jerks,
and from what she's seen this is how things work.
They come in sweet and they go out cold,
and you know this seen must be growing old.

She's fucked again and she don't know why.
She's loves him still she's just keeps on trying.
All she wants are things that everyone needs.
But she knows... Yeah she's fucked again.
Fucked again.
She's fucked again.
And again and again.
She's fucked again.
