Daddies Gear, Stupid Boy

I feel sick and I feel used
You ain't the boy I thought I knew
You go and put me on your shelf
You never think of no one else but yourself

And lord I'm sick and lord I'm tired of love
And lord I can't believe it's true
You'd think after five years I would know you but I don't
And after all this time I come to find
You're just another stupid boy
You're just another stupid boy

I'd 've done anything for you
Just about anything you asked me to
I put your needs above my own
And I can't stand to be alone but I live

And lord I'm sick and lord I'm tired of love
And lord I can't believe it's true
Ya know I really thought I knew you but I don't
And after all this time I come to find
You're just another stupid boy
You're just another stupid boy
