

Daddy Cool, Star

Nova International - Star

Slippin' in my new pyjamas
lying on the roof and watch the stars,
dreaming of the blue bahamas
dancing on the beach tuning in on the charts
I'm dreaming of the girls

Believin' or not
I wanna be a star right now
I wanna be a big star before I go
I wanna drive a pink star cadillac

I wanna be a star
Wake up on sunday morning
watching my favourite video-clip
I cruising through the streets of London
flying down the L.A. sunsetstrip

I wanna be a doll
I needed somehow
I wanna be a star right now
I wanna be a big star before I go
I wanna drive a pink star cadillac
I wanna be a star right now
I wanna be a star right now

I wanna be a star
I wanna be a star
I wanna be a star
Believin' or not
I wanna be a star
I wanna be a star
I wanna be a star

I wanna be a star
I wanna be a star
I wanna be a star right now
I wanna be a big star before I go
I wanna drive a pink star cadillac
I wanna be a star

I wanna fly down the L.A. sunsetstrip
I wanna watch my favourite video-clip
I wanna fly down the L.A. sunsetstrip
I wanna watch my favourite video-clip
I wanna fly down the L.A. sunsetstrip
I wanna watch my favourite video-clip
