(Chorous Akon)

I got my heat, I got my balls

and enough heart to break all y'all jaws.

But I rather round up my niggas from Puerto Rico

to help me out with this war

Now bring it on

Now bring it on

Say bring it on

Now bring it on

(Daddy Yankee)

Oye tas bregando con los anormales

Somos, los de los juguetes espaciales

Ya no, no le tememos a los tribunales

Tu y quien van amedrentar con los metales, boy.

You are a killer, me pone Daddy Yankee man

Ponte las pilas, si tienes guille Superman

Que rumba el cielo te puedo poner a volar

En guerra avisada como quiera muere gente porque

I got my nigga and my gun we open fire

You better get out of my way coz I'm a rider

At any time in the morning or even the evening,

I'm laying this verse till you retire

Lets go, nosotros estamos dispuesto

En esto nosotros somos expertos

Coz we're doing this everyday...

In the ghetto whick is part of the game we play

(Chorous Akon)
