

# Dagny, Highs & Lows

Told you from the start  
I won't break your heart  
I won't change my mind

Even when it's hard  
Even when it's dark  
I could be the light

'Cuz the future is coming, coming  
And I wanna be there with you  
I think that we could be something  
Something bigger

I'mma love you through the highs and lows  
Highs and lows  
Through the highs and lows  
You don't ever have to be alone  
Be alone  
Ever be alone  
With my hand on my heart  
Through light and through dark  
No matter what, oh  
I'mma love you through the highs and lows  
Highs and lows  
Through the highs and lows

Through the highs and lows, oh oh  
Through the highs and lows, oh oh

Wanna get to know  
What you're scared to show  
You don't have to hide

All the little scars  
I can handle yours  
Like you handle mine

'Cuz the future is coming, coming  
And I wanna be there with you  
I think that we could be something  
Something bigger

I'mma love you through the highs and lows  
Highs and lows  
Through the highs and lows  
You don't ever have to be alone  
Be alone  
Ever be alone  
With my hand on my heart  
Through light and through dark  
No matter what, oh  
I'mma love you through the highs and lows  
Highs and lows  
Through the highs and lows

Through the highs and lows, oh oh  
Through the highs and lows, oh oh

Even when it's hard  
Even when it's dark  
Even when you're 'bout to fall apart,  
I will love you through the highs  
Highs and lows

Even when it's hard  
Even when it's dark  
Even when you're 'bout to fall apart,  
I will love you through the highs  
Highs and lows
